Faculty: Use Your CWID

To enhance security, all FHDA employees will be asked to use their campus-wide identification (CWID) on all forms, instead of a social security number, beginning Fall Quarter 2008.

To locate your CWID, check your payroll stub (http://reports.fhda.edu). You’ll need to enter your “ugly” FHDA email user name (e.g. ABC1234), and your web account password, which is different from your FHDA email password (click on “Forgot Password?” link if you don’t know it). Click on any paystub; your CWID is the 8-digit “Employer ID” located in the upper left corner under your name.
