

**APPENDIX Z
DEPARTMENT CHAIRS AND SCHEDULERS**

The reassigned time (RAT) or additional pay listed below is based on:

- approximate number of FTEF in the department
- number of full-time faculty (only one or two)
- significant work associated with prerequisite or course equivalencies
- AB 705/1705 compliance work

Whenever possible, reassigned time should be distributed evenly throughout Fall, Winter, and Spring quarters.

When RAT listed is 0.125 or less, faculty may choose either the reassigned time, or the equivalent additional pay calculated at a rate of \$80,000 per FTE. Therefore, additional pay = (RAT)(\$80,000) is capped at \$10,000.*
